

Enviro Waste Services Group Pty Ltd & Enviro Pump Pty Ltd senior management are fully committed to continual improvement, to enhance our environmental performance, through constant review, in order to provide an effectively controlled environmental management system and service.

This Environmental Policy Statement is applicable to all areas of our business and has been implemented to meet the requirements of the ISO 14001:2015.

Enviro Waste Services Group & Enviro Pump aim to:

- ✓ Comply with legislation regulations & relevant Codes of Practice, at all times (our compliance obligations)
- ✓ Prevent pollution and reduce our impact on the environment by ensuring that environmentally responsible practices are accepted within our organisation.
- ✓ Protect the Environment in all aspects of our business and in particular to significant aspects of our operations, to prevent any adverse environmental effects.
- ✓ Recycle / reuse materials wherever practical.
- ✓ Identify, assess, and manage environmental risk arising from our business activities.
- ✓ Implement strategies for reduction and/or prevention of noise, dust, fumes, fire, waste, water contamination, and water and electricity usage.
- ✓ Minimise the creation of waste, recycle waste generated whenever possible, ensure hazardous waste and environmentally sensitive material are effectively contained and dispose of residual waste materials in an environmentally acceptable manner.

Enviro Waste Services Group & Enviro Pump are committed to achieve this by:

- ✓ Educate our employees and contractors to create awareness of environmental issues, ensuring that this awareness translates into work practices being carried out in an environmentally responsible manner, and is integrated into training, decision making and performance assessment.
- ✓ Clearly and efficiently communicating our environmental policy and performance on a regular basis and encouraging feedback.
- ✓ Regularly reviewing the environmental policy to ensure that it is updated to reflect any changes to the business processes/activities and its environmental management performance.
- ✓ Keep well-informed of emerging environmental management practices and adopting wherever possible changes to our business systems and processes as appropriate.
- ✓ Ensure sufficient resources are provided to meet the objectives of this policy.
- ✓ Communicate within organisation and have the policy available to interested parties.
- ✓ Setting the Environmental objectives and targets framework throughout the improvement plan that is discussed and agreed by top management.
